TEXAS ENTERPRISES, INC.

We're a fifth-generation family-owned and professionally operated company. But family doesn't just describe us, it defines us.

Our employees. Our customers. Our partners. To us, you're family.

Your success drives everything we do.

You're the reason we go the extra mile (and a whole lot further) each and every day.

Providing the most comprehensive catalog of products. Partnering with the top brands and suppliers in the industry. Delivering exceptional customer service, day or night, rain or shine. Creating enduring relationships that ensure quality and consistency.

Because, when it's all said and done, that's what you do for people you care about. Those who matter to you most.

You deliver for them.

TEXAS ENTERPRISES, INC. | FUELED BY FAMILY

We Care. You Matter. **We Deliver!**

Commitment to Brand and Product Integrity

ExxonMobil Fuels & Lubricants and Research and Engineering companies recognize that Brand Integrity, Product Integrity, and customer satisfaction are of primary importance to our success. Our absolute **Commitment to Brand and Product Integrity** requires clear understanding and proactive management of product quality, performance, representation, and regulatory compliance, customer experience, and brand identity. Mindful of our responsibility to the consumers and customers we serve directly and to the channel partners who distribute our products, we strive to understand their requirements and concerns and to merit their business by responding effectively to their needs.

Specifically, we are committed to:

- high-quality products that meet or exceed equipment specifications and consumer and customer needs under all reasonable circumstances;
- services that reliably meet responsible standards of performance, efficiency, and courtesy;
- accurate and sufficient information about our products and services, including details of guarantees and warranties, so that consumers and customers can make informed purchasing decisions; and
- honesty in advertising and other communications.

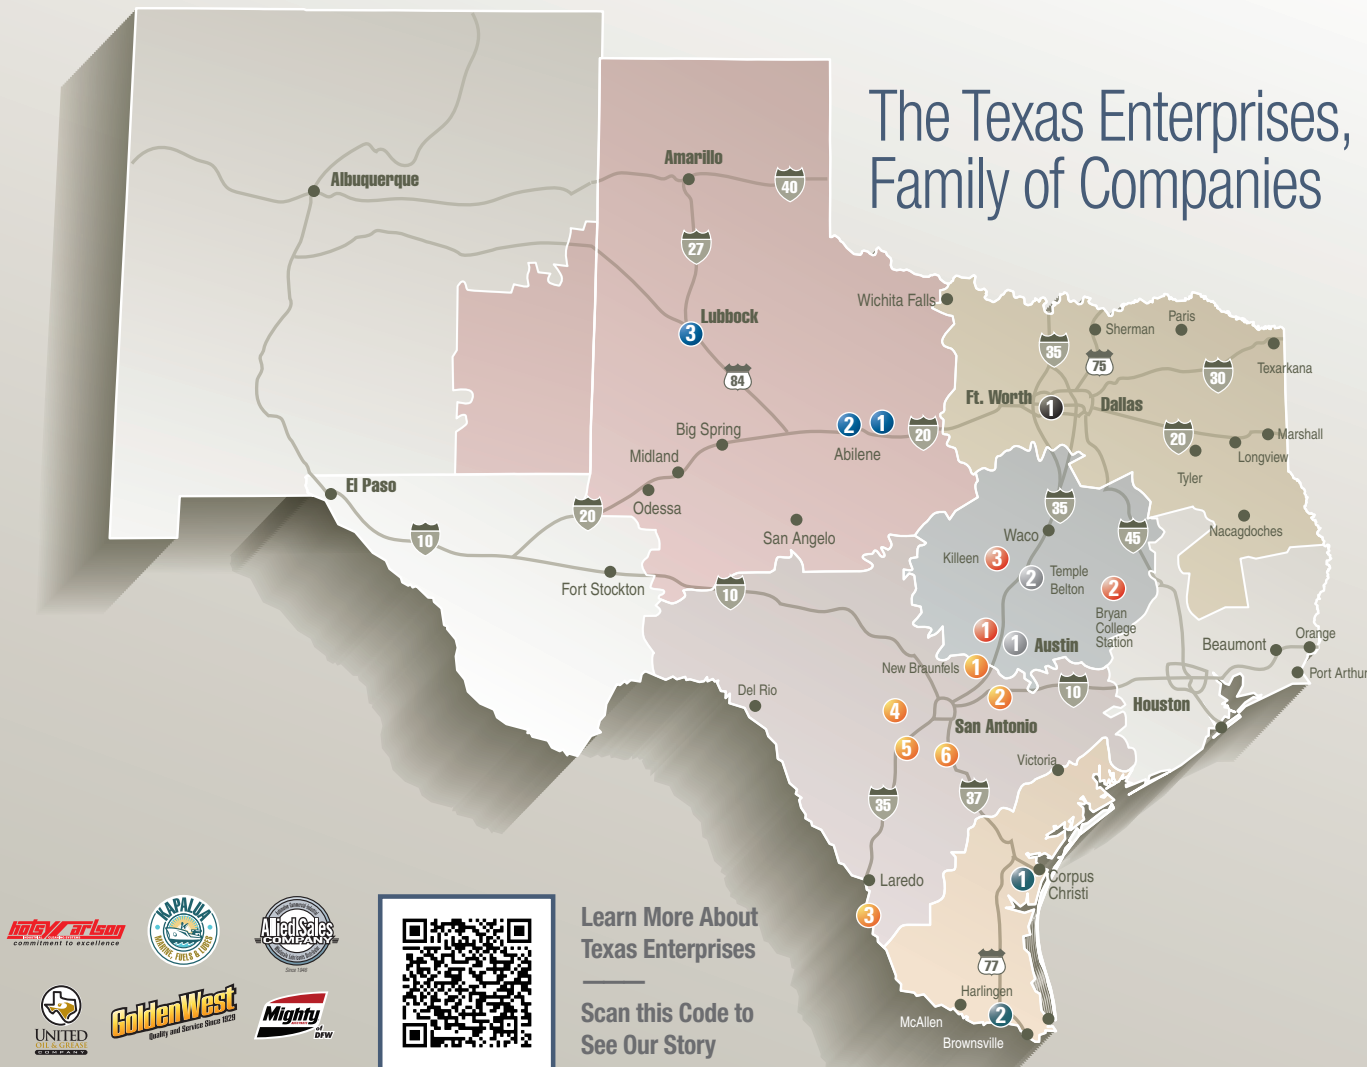

In addition, where products reach the ultimate consumer through independent parties, such as service station dealers and distributors, we work closely with them to ensure brand and product integrity through their operations.

To deliver our **Commitment to Brand and Product Integrity**, we continually evaluate and improve our global brand and product integrity management system framework.

Allied Sales Company opened in the 1940s, offering lubricants and related products to car dealerships, retailers, and more — since then, it has grown into a vital supply hub to the central Texas market. The Austin-based division supports customers with the highest levels of service. The division also operates DC #2 in Temple, Texas, expanding our reach and providing convenience to the entire mid-state area. Both the Austin and Temple locations serve as delivery hubs to suit the vital business needs of our clients while also acting as retail sites for walk-in customers.

Kapalua Marine Fuel is a physical supplier of marine fuels, lubricants, and related products servicing the Texas Gulf Coast maritime community. Kapalua's experienced team simplifies the bunkering process through real-time insights and intricate knowledge of the South Texas region. With over 15 years of combined industry knowledge, Kapalua offers competitive pricing and favorable payment terms.

Kapalua operates a modern fleet of U.S. Coast guard approved tank trucks servicing the Texas Gulf Coast. With our own warehouse, Kapalua provides marine bunkering and lubricants to commercial and military vessels throughout the Texas Gulf Coast, providing our customers with the same service and quality no matter which port they call.

The Latest Addition to the TEI Family of Companies

In January of 2022, Texas Enterprises acquired Hotsy Carlson Equipment, the premier provider of everything you need for commercial and industrial cleaning.

For nearly 50 years, Hotsy Carlson Equipment has provided industrial cleaning equipment, detergents, rentals, service, parts, and repair to south and central Texas. As a Hotsy® All Star Service Center, we specialize in commercial pressure washers, yet our team is expertly trained on all brands and types of cleaning equipment.

- **Hotsy Commercial Pressure Washers and Steam Cleaners**
- **All Related Cleaning Equipment and Supplies**
- **Victory Sprayers Master Dealer**
- **Vital Oxide Disinfectant & Other Detergents**
- **Optima Steam Cleaners**
- **Delivering Equipment, Detergents, Rentals, Service, Parts, and Repair to South & Central Texas**

We also sell and service mounted equipment for trucks, trailers, and pickups, including water reclamation systems designed to wash grimy bays, keep a fleet of construction vehicles clean, or scrub an industrial facility to provide efficiency and safety for all. Whatever the job, Hotsy Carlson has the right tool and the expertise to keep it working —so you can keep doing business.

Hotsy manufactures more than 100 different models of hot water and cold water pressure washers, with myriad customization options to meet your specific need. As a Hotsy dealer, we can bring on-site equipment service to you. And we maintain an extensive parts inventory to keep your critical equipment running, not waiting for parts.

We offer the industry's best warranty, with seven years of protection on the pump and five years on the coil. But you likely won't need it. Hotsy equipment is rugged, durable, and engineered with superior design, quality, and craftsmanship. Your Hotsy machines will work for you day after day and for years to come.

Our equipment is used by construction crews, TXDOT, EMS fleets, local schools, the food service industry and more. As an industry leader, we have the cleaning supplies and equipment you need, and now as part of the TEI family, we have a much more extensive catalog of products and services to help your business thrive.

Schedule an appointment for repair on your job site or visit our showrooms for demos, rentals, and training. Call the branch closest to you in Austin, Bryan, Killeen, or Corpus Christi, or see us online at www.hotsycarlson.com for more information. We are excited to earn your business and grateful for the opportunity.

**WE KNOW
CLEAN**

TEXAS ENTERPRISES, INC.

Providing Unique
Solutions to

CLEAN

EVERYTHING YOU NEED — AVAILABLE FOR SALE OR RENT

Pressure Washers

Hotsy is the No. 1 brand of pressure washers, offering both hot-water and cold-water pressure washers as either portable or stationary units. With a selection of equipment that runs on electricity, gasoline, diesel, or even natural gas LP, Hotsy Carlson has more than 120 different models to choose from to meet your most challenging cleaning needs.

Detergents Are Vital

Detergent are essential for proper cleaning. Texas Enterprises offers specially formulated detergent solutions to provide extra cleaning power when blasting away dirt, grime, grease, salt, and more from a variety of surfaces. No matter what you clean, you can clean it better and faster with the right detergent.

Steam Cleaners

Steam delivers a low-water, high-temperature way to break up soil, grease, and grime. Plus, steam can naturally sanitize while eliminating the need for large water tanks or wastewater collection. Learn how Optima Steamers can help.

Every Accessory You'll Need

With a full range accessories, Texas Enterprises offers solutions to make any cleaning job easy and efficient.

More Than Equipment & Detergent

Texas Enterprises offers more than the equipment and detergent you need for the cleaning problems you face. Our decades of experience, mean the professional advice you need to make the right choices for your business — and your budget.

How Do You Make More Money with Mighty?

“TRIM” Your Inventory!

Targeted Registration-Based Inventory Management (TRIM)

Mighty offers an exciting electronic application for customers called TRIM, which stands for Targeted Registration-Based Inventory Management.

This online tool maps vehicle registration data to Mighty's catalog application and parts database. TRIM reports include:

- **Stocking guides for Mighty brakes (rotors, drums, shoes, pads) and filters (air, oil, cabin, fuel)**
- **Vehicle counts by year, make and model**
- **Average vehicle ages**
- **Maps by vehicle age and population**

The data can be filtered by counties, cities and/or zip codes. This functionality enables our customers to better forecast and 'TRIM' stocking levels for their back rooms.

Mighty The Best-Selling

OIL & AIR FILTERS

MightyMAX filters are specifically built for extended Oil Drain Intervals and pair perfectly with full synthetic oils that many OEM manufacturers are requiring.

*Compared to an SAE 15W-40 engine oil. Actual savings are dependent on vehicle/engine type, outside temperature, driving conditions and your current engine oil viscosity.

†Results may vary based on vehicle/engine condition, driving and environmental conditions. Consult OEM or ExxonMobil before implementing extended ODI's.

Heavy-duty technology for all of your heavy-duty equipment

Excavators? Loaders? Haul trucks? We've got you covered.

Mobil Serv™

Boosting uptime

Mobil Delvac 1™ ESP 0W-40, 5W-30, 5W-40 (CK-4) Mobil Delvac 1™ Advanced Fuel Economy 5W-30 (FA-4)

Advanced full synthetic oils that demonstrate:

- Extended oil drain interval (ODI) potential up to 3X the average OEM ODI recommendation*
- Long engine life and reliable operation in a wide range of applications
- Emission system protection

Mobil Delvac™ Extreme 10W-30, 15W-40 (CK-4) Mobil Delvac™ Extreme FE 10W-30 (FA-4)

Synthetic oils that deliver:

- Extended ODI potential up to 2X the average OEM ODI recommendation*
- Up to 46% more antioxidant and 44% more anti-wear additive than Mobil Delvac™ 1300 Super
- Exceptional oxidation stability†

Mobil Delvac™ 1300 Super 10W-30, 15W-40 (CK-4) Mobil Delvac™ Super FE 10W-30 (FA-4)

Synthetic blend oils that provide:

- Extended ODI potential up to 1.5X the average OEM ODI recommendation*
- Stay-in-grade shear stability and excellent low-temperature pumpability
- Excellent soot and viscosity control

Mobiltrans™ AST Series

- All-season lubrication for all drivetrain components
- Helps deliver extended drain and service intervals
- Formulated for long clutch and wet brake life; meets Cat TO-4M specification

Mobil™ DTE 10 Excel Series

- Outstanding wear protection and system cleanliness
- Excellent oxidation and thermal stability
- Energy efficiency potential to reduce fuel expenses

Reducing maintenance

Mobiltrans™ HD Series

- Viscosity grades for hydraulic, transmission and drivetrain applications
- Formulated for long clutch and wet brake life; meets Cat TO-4 specification
- Excellent gear and bearing protection

Mobil™ Hydraulic 10W

- Excellent performance in a wide range of hydraulic systems
- Protection against oil thickening, high-temperature deposits, varnish and oil degradation
- Good performance at higher temperatures and extended operating intervals

Mobil Centaur™ XHP Mine Series

- Excellent extreme-pressure protection and load-carrying ability for equipment protection under heavy and shock loading
- Excellent high-temperature oil bleed control
- Advanced polymer additive package resists water washout

Mobil Centaur™ Moly Grease

- Excellent extreme-pressure protection and load-carrying ability
- Enables extreme-pressure performance retention and protection in severe sliding situations
- Provides exceptional water resistance and corrosion protection

Mobilfluid™ 424

- Exceptional performance in powertrain transmissions, drive axles, clutches, power take-offs (PTOs) and hydraulic systems
- Enhanced frictional properties help reduce chatter in wet brake and PTO service
- Multipurpose capability provides opportunity for lubricant consolidation

*Average OEM ODI recommendation based on recommended oil drain intervals from major U.S. engine manufacturers using API CJ-4 oils for a variety of service severity levels and engine models. Average OEM ODI API CJ-4 recommendation to substantiate multiplier claims is 31,750 miles. Results may vary based on vehicle/engine condition, driving and environmental conditions. Consult OEM or ExxonMobil before implementing extended ODIs, especially if the equipment/vehicle is under the OEM's warranty.

†Based on an analysis of Volvo T-13 engine test results.

ROYAL PURPLE
SYNTHETIC OIL

f/royalpurplefans @royal_purple royal_purple #royalpurple

Introducing the next generation in energy-efficient productivity.

Get more from your hydraulic machinery than ever before with new Mobil DTE 10 Excel Series. Engineered to better address the lubrication demands of a new generation of high-pressure industrial and mobile equipment, Mobil DTE 10 Excel Series helps lift cleanliness and efficiency to new heights — as it helps lower operating costs. Which adds up to increased productivity.

Surpassing even the standard-setting Mobil DTE 20, Mobil DTE 10M, and Mobil DTE Excel hydraulic oils, known for their long life and keep-clean performance, new Mobil DTE 10 Excel Series is truly the new standard in hydraulic oils. These state-of-the-art, patent-pending lubricants represent the latest in hydraulic fluid technology and can offer great advantages:

- **Dramatically increased hydraulic efficiency, up to 6 percent better than standard products** — Helping reduce energy and fuel consumption, and increase machine productivity.*
- **Visibly better system cleanliness** — For longer productive operation and decreased machine maintenance.
- **Outstanding durability** — For longer oil drain intervals and increased equipment protection.

So whether you manufacture plastics components or operate hydraulic-powered excavators or marine equipment, help reduce your power consumption and increase your machine output with Mobil DTE 10 Excel Series — a breakthrough that won't just make your machines run but will help them fly. On less energy, we might add.

* Results are based on a controlled laboratory test and may vary depending on operating conditions.

LONGITUDE™

Developed for Extended Durability and Long-Lasting Performance.

Rain-X® Longitude™ is engineered to perform in inclement weather conditions and withstand the elements, such as UV and ozone exposure, that cause rubber deterioration.

ANATOMY OF THE RAIN-X® LONGITUDE™

Symmetrical Spoiler 3D Air Control System
Minimizes Wind Lift For Optimal Wipe Performance

Uniclick™ Adapter System
Easy-To-Install Adapter System With Interchangeable Adapters For Maximum Coverage

Tough Aerodynamic End Clips
Impact And Slam Resistant with Chamfered Edges

Metallic Spline
Curvature Optimized To Fit And Conform to Windshield

Manufactured with Industrial-Grade T24.7™ Rubber
Engineered with UV & Ozone Damage-Resistant Rubber With Friction Reduction Coating For All-Weather Performance

Aerodynamic Spoiler

3 Points To Control The Air Flow

1. Air Guidance
2. Creation of downforce
3. Evacuation of air flow

ALL-WEATHER PERFORMANCE

WINTER

SPRING/FALL

SUMMER

MORE RESISTANCE TO RUBBER CRACKING*

DYNAMIC OZONE TEST RESULTS
Specimens exposed to 100pphm @ 40°C

IMPROVED DURABILITY*

The Rain-X® Longitude™ squeegee is more resistant to cracking compared to a natural rubber squeegee, based on third party testing. This means less streaking and better driving visibility for a smooth, flexible and chatter-free wipe.

REV.01

A STREAK FREE SHINE EVERY TIME!

PEAK Windshield Wash keeps your windshield clean and clear and it meets a wide range of temperature needs. The conventional blue formulation powers through windshield dirt and grime, leaving behind a streak-free shine. It is safe to use in any vehicle and to use full strength with no mixing required.

- Available in 0° F and 20° F to meet your temperature needs
- Powers through windshield dirt and grime
- Safe to use in any vehicle
- Use full strength - no mixing required

One Part, Stable, Chlorine Dioxide
Disinfectant Sanitizer

VitalOxide is an EPA registered disinfectant cleaner, mold killer and super effective odor eliminator. Ready to use with no mixing required, just spray, wipe or fog right from the bottle. Non-irritating to the skin and non-corrosive to treated articles.

VitalOxide - One Product, So Many Solutions

- ✓ **Eliminates SARS-CoV (COVID-19)**
Listed on US EPA List N: Disinfectants for use against SARS-Cov-2, the cause of COVID-19
- ✓ **Food Contact Sanitizer - NSF Registered (D2) Sanitizer**
VitalOxide kills 99.999% of bacteria, including eColi, Salmonella and Listeria in less than 60 seconds, and it's odorless, requires no rinse and doesn't alter the taste of food that has been prepared on sanitized surfaces. (D2)
- ✓ **EPA Registered Disinfectant**
Contains no volatile organic compounds (VOCs) and kills a wide range of viruses such as Noro Virus, Feline and Canine coronavirus and bacteria. It doesn't contribute to mutating super bugs.
- ✓ **Mold and Mildew Inhibitor**
Inhibits and keeps mold and mildew from growing for up to 4 weeks.
- ✓ **Allergen Eliminator**
Proven effective on pet dander, as well as, dust mite and cockroach allergens. Safe to use on pet bedding and sleeping areas.
- ✓ **Odor Eliminator**
Eliminates malodors due to smoke, trash, septic systems, stale cooking and more, without using masking agents or fragrances. Neutralizes urine and fecal odors.
- ✓ **HVAC and Air Ducts**
Leaves HVAC systems and air ducts free of microbial contamination from bacteria, mold, mildew and other fungi, while ensuring air quality.
- ✓ **Soft Surface Sanitizer**
Kills odors and odor causing bacteria on soft surfaces by eliminating the source. Great for upholstery, curtains and auto interiors.

**FOR USE
AGAINST
SARS-COV-2
(COVID-19)**

**Available in 4x1-gal.,
6x1-qt., 15-gallon or
55-gallon**

Buy Bulk For Cost Savings

THE PRESSURE WASHER WITH BENEFITS

You won't find Hotsy at your local home improvement store. Why? Because Hotsy products are **ONLY** sold through authorized dealers. The equipment you find at Lowe's® or Home Depot® simply does not compare. When you go with a Hotsy, you're starting a relationship with a partner who "gets" you.

Need Proof? Here are 10 reasons why you should connect with your local dealer:

1. Cleaning equipment experts
2. Advice in choosing the right products for your needs
3. We service what we sell
4. Service from factory trained technicians
5. On-site operating and safety demonstrations
6. Equipment is tested, delivered and installed
7. Excellent warranties
8. Genuine Hotsy replacement parts
9. Recommended time-saving accessories
10. Detergents targeted for your application

Lowe's® is a registered trademark of LF, LLC. The Home Depot® is a registered trademark of Home Depot, Inc.

GoldenWest
Superior Since 1929

From Filling Stations to Filling the Need for Great Products at Competitive Pricing

The Golden West Brand of products originated as a regional brand in central and south Texas in 1929. Based in San Antonio, Texas, Golden West Oil Company operated a chain of "filling stations" that flew the Golden West flag with street signs displaying the brilliant sun with golden rays against a blue background.

The Ford Smith family of Austin, Texas purchased the lubricant and parts business of Bantham Distributing in 1960, then in 1974 merged with Golden West Oil Company, steadily developing the brand deeper into the Texas market. Golden West was consistently positioned as a quality fighting grade line.

In the 1970s, the Golden West Brand was expanded to include a complete line of lubricant products. As a strongly established regional brand, Golden West is well accepted in automotive, industrial, and agricultural markets.

Today our engine oils proudly display the API and ILSAC seals of approval. The line now includes synthetics, greases, and aerosol chemicals. All these are still offered today as a fighting grade alternative to major brand products.

Signature BY **GoldenWest**
LUBRICANTS Superior Since 1929

Product Warranty

L I M I T E D W A R R A N T Y

Golden West Products Limited Warranty

Golden West Products warrants its products to be free from defects and will replace any product that is defective. For all applications, follow the recommended maintenance and fluid change schedules provided by the manufacturer(s). Golden West Products warrants that all products will perform to their specifications when used in accordance with the proper instructions for use. Products used in applications other than the intended use will not be covered by this warranty.

Golden West Products provides this limited warranty to purchasers who use Golden West products.

If there is equipment failure related to the Golden West product you purchased, Golden West will repair any equipment damage directly caused by a defect or a malfunction of a Golden West product, provided that the product was selected and maintained in accordance with specifications of the original equipment manufacturer or the written instructions (which includes product packaging) of Golden West Products.

To file a claim under this Limited Warranty, you must:

1. Upon discovery of the damage (but not later than 6 months from the date the damage occurred) call your local Golden West distributor from whom you purchased the product.
2. Allow a Golden West representative to examine the equipment and maintenance records and provide proof of purchase to determine the extent of the damage and to confirm that a Golden West product was the cause.
3. Allow a Golden West representative to obtain a sample of the product in question for analysis at no cost to you to assist in determining the cause of the equipment failure.

This Limited Warranty excludes:

- Golden West products used in mechanically deficient equipment as a result of abnormal operation, negligence, abuse, damage from casualty, shipment or accident, or equipment modification done without written authorization from the Original Equipment Manufacturer (OEM).
- Situations where the OEM required standards do not match those stated by Golden West without written approval from Golden West.
- Golden West products that have been used in conjunction with any other product or additive without written approval from Golden West.
- Failure of equipment due to a pre-existing condition that is unrelated to the use of Golden West products.
- Repair or replacement of equipment due to normal wear.

The remedy provided here will be your only recovery against Golden West Products. You will not be able to recover incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

GOLDEN WEST: A COMPLETE LINE OF LUBRICANT PRODUCTS

Premium Universal Tractor Fluid

Multifunctional Use in Farm Tractors and Equipment

Benefits

- Lowers operating costs
- Reduces brake chatter and transmission slips
- Minimizes weather and storage concerns
- Extends equipment life

Product Application:

Golden West Premium Universal Tractor Fluid is a high quality, multifunctional tractor hydraulic fluid, specially formulated for use in transmissions, final drives, wet brakes, and hydraulic systems of tractors and other equipment employing a common fluid reservoir.

It is formulated with highly refined base stocks, a viscosity index improver, oxidation and corrosion inhibitors, antiwear and film strength additives, an antifoaming agent, and a pour point depressant.

Golden West Premium Universal Tractor Fluid is recommended for use as a multifunctional fluid in many types of farm tractors and equipment; in non-hypoid GL-4 applications; in applications which call for the following OEM lubricant specifications:

- AGCO: improved power fluid 821XL
- Case Corporation: JIC-143, JIC-145, MS 1206, MS 1207, MS 1209, MS 1210 (TCH)
- Case New Holland: MAT 3525, MAT 3505
- Caterpillar: TO-2
- Ford New Holland: ESN-M2C134-D, FNHA 2, C 201

TechSYN Full Synthetic dexos1™ Gen 3 GF-6A Motor Oils 0W-20 • 5W-30

API SP/SN/SM/SL/SJ • ILSAC GF-6A

Benefits

- Provides protection conventional oils can't
- Superior protection against normal engine wear
- Outstanding low and high-temperature performance
- Our highest level of protection for thermal and oxidation stability
- Formulated for extreme driving conditions
- Outperforms conventional and synthetic blends
- ILSAC GF-6A Resource Conserving

Product Application:

Golden West Signature TechSYN dexos1™ Gen 2 Motor Oil is a fully synthetic, top-tier, high detergent automotive engine oil specially formulated to meet the stringent lubrication requirements of today's and tomorrow's engines. It meets API SP, which is required for 2012 and later engines. Synthetic base oils combine with carefully selected additive packages to provide maximum protection against wear, rust, corrosion, oxidative thickening, acid formation, sludge, and varnish. This formulation helps improve fuel economy and performance in gasoline engines. Includes emission system, frequent restart, LSPI, timing chain, and turbocharger protection. Adds protection for engines running on ethanol fuels up to E85.

TechSYN Full Synthetic dexos1™ Gen 2 Motor Oil is a licensed GM dexos1™ Gen 2 product. Meets or exceeds API Service Category SP, SN Plus, SN, SM, , and ILSAC GF-6A requirements. Meets Toyota and Mazda specifications, and Honda service fill specifications.

Meets or exceeds specification requirements, including:

- GM dexos1™ Gen 2
- GM 6094M
- Toyota
- Mazda
- Honda (Service fill)
- Ford WSS-M2C962-A1 (0W-20)

TechSYN Full Synthetic 5W-40 Motor Oil Advanced European Car Formula

API SN • ACEA A3/B4

Benefits

- Keeps engines cleaner
- Provides protection conventional oils can't
- Meets extended drain requirements of premium European vehicles
- Won't break down under extreme temperatures
- Superior protection against normal engine wear
- Outperforms conventional motor oil in high-temperature service
- Provides outstanding thermal and oxidation stability

Product Application:

Golden West Signature TechSYN SAE 5W-40 Full Synthetic Motor Oil is an ultra-premium quality, high detergent automotive engine oil specially formulated to meet the stringent lubrication requirements of advanced European gasoline-powered cars and light trucks. Meets or exceeds the requirements of API SN and ACEA A3/B4.

Signature Lubricants TechSYN SAE 5W-40 full-synthetic motor oil meets or exceeds performance requirements, including:

- ACEA A3/B3
- ACEA A3/B4
- BMW LL-01
- Mercedes-Benz 226.5
- Mercedes-Benz 229.3
- Mercedes-Benz 229.5

TechSYN Full Synthetic 0W-16 ULV Motor Oil

API SP/SN Plus/SN • ILSAC GF-6B

Benefits

- Provides protection conventional oils can't
- Won't break down under extreme temperatures
- Superior protection against normal engine wear

Product Application:

Signature Lubricants TechSYN 0W-16 is a premium, ultra-low viscosity motor oil. This high-performance formulation helps improve fuel economy in gasoline engines. Includes emission system, frequent restart, LSPI, timing chain, and turbocharger protection. Adds protection for engines running on ethanol fuels up to E85. SAE 0W-16 viscosity only belongs in engines designed to use 0W-16 motor oil. Meets the performance requirements of Toyota and Honda. Follow manufacturer's recommendations for viscosity grade and API service category.

Meets or exceeds specification requirements, including:

- Toyota
- Honda

Full Synthetic Multi-Vehicle ATF Automatic Transmission Fluid

For automatic transmissions requiring Mercon®/Mercon® V/Dexron®-III/ATF+3/TF+4

Benefits

- Improved oxidation and thermal stability
- Full synthetic formula
- Outstanding low-temperature performance
- Superior anti-wear protection
- Improved torque transfer
- Applications include nearly all car and light truck applications

Product Application:

Golden West Signature Full Synthetic Multi-Vehicle ATF represents the latest technology in full synthetic automatic transmission fluids. It is specifically formulated for the newest generation of high-efficiency transmissions and is also a fuel-efficient choice for older models.

Golden West Signature Full Synthetic Multi-Vehicle ATF is recommended for a wide range of passenger cars and light-duty trucks, including GM, Ford, Toyota, Honda/Acura, Nissan/Infiniti, Hyundai/Kia/Mitsubishi, Mazda, Subaru, and Volkswagen. Check the owner's manual for specific recommendations.

For automatic transmissions requiring:

- JASO M315-2013 1A-LV GM
- Ford
- Chrysler
- Toyota/Lexus/Scion (T-III, IV, WS)
- Honda/Acura (ATF Z-1, DW-1)
- Nissan/Infiniti (Matic D, J, K, S, W)
- Hyundai/Kia (SP-II, III, IV, Red-1K)
- Isuzu (SCS, ATF II, III)
- Mazda (F-1, FZ, M-III, T-IV, MV)
- Mitsubishi (Diamond SP, II, III, ATF J2, J3)
- Subaru (HP)
- BMW (LA2634, LT71141)
- Mercedes-Benz (236.10, 236.15, 236.3, 236.5, 236.7, 236.9)
- Volkswagen/Audi (09A, 09G)

This product is NOT recommended for Ford Type F, Continuously Variable Transmissions (CVT), or Dual Clutch Transmissions (DCT) which require specialized OEM fluids.

Global Antifreeze and Summer Coolant

Available as Concentrate and 50/50 Blend

Benefits

- Formulated for use in all American, Asian, and European automobiles
- Features a patented non-2-EH formula that is phosphate-free and silicate-free
- Amber color will not change the current antifreeze color when used for topping off
- Meets ASTM D-3306 + ASTM D-4340

Product Application:

Golden West Global Antifreeze and Summer Coolant features a patented advanced organic acid technology. Golden West Global Antifreeze and Summer Coolant contains inhibitors that provide maximum protection from freezing to -84°F and boil-over to +276°F. Its patented formula protects all metals, including aluminum, against damaging rust and corrosion when used as recommended.

Meets or exceeds specification requirements, including:

DIII/M Automatic Transmission Fluid

Former Dexron III/Mercon H specification

Benefits

- Excellent low temp. fluidity for good cold-start shifting
- Resists foaming
- Oxidation and thermal stability for long life
- Protection against rust, corrosion, and wear
- Multiple approvals for lower inventory requirements
- Compatible with all transmission seal material

Product Application:

Golden West DIII/M Automatic Transmission Fluid is compounded with modern additive technology for use in older Ford and General Motors vehicles, plus many foreign vehicles requiring DEXRON®-III or Mercon®. Recommended for use in all 2005 and earlier GM automatic transmissions. Recommended for 1981 and later Fords (except those requiring Type F, MERCON® V, MERCON® SP, MERCON® LV or MERCON® ULV).

Not for use where DEXRON®-VI, DEXRON®-HP, Type F, MERCON® V, MERCON® SP, MERCON® LV, or MERCON® ULV is required. Not for use in Continuously Variable Transmissions (CVT) or Dual Clutch Transmissions (DCT).

Meets or exceeds specification requirements, including:

- Detroit Diesel Allison C-3
- Detroit Diesel Allison C-4
- Caterpillar TO-2
- Ford late model C-4
- Ford late model C-5
- Ford ESP-M2C138-CJ

SAE 30
GOL 046077111195 Csq

Full Synthetic Gear Oils

SAE 75W-90 and SAE 75W-140 • API GL-5/MT-1

Product Application:

Golden West Full Synthetic Gear Oil is a 100% synthetic, multi-grade, heavy-duty gear lubricant designed to meet the service demands of a commercial fleet's manual transmissions, axles, and drive units, plus the added advantage of improved fuel economy, extended drain capabilities, and all-season use even at sub-zero temperatures. Golden West Gear Oils are fortified with additives to prevent rust and corrosion and meet limited-slip specifications. Regardless of the LS specification, check to be sure of the manufacturer's limited-slip requirements for OE additives.

May be used in applications calling for:

- API GL-5
- Mack GO-J Plus (75W-90)
- API MT-1
- Mack GO-J (75W-140)
- SAE J2360

Also suitable for use where the following specifications are recommended:

- Eaton PS-163
- Eaton PS-037
- Eaton PS-109
- General Electric D50E9C
- Harnishfeger (P&H) 474

Mobil SHC industrial lubricants — better for your machines, better for your business.

Protect your equipment, ensure productivity.

Mobil SHC synthetics last up to 8 times longer than mineral oils by providing excellent high-temperature stability and oxidation resistance while maintaining viscosity in extreme temperature conditions.

As the complexity of machinery increases, so do the demands made upon your lubricant. Mobil SHC lubricants can better address these demands as compared to mineral oils. With your equipment being a vital asset, it makes good business sense to protect it, and prolong its life, as best as possible. Mobil SHC, Mobil's premier line of scientifically engineered synthetic performance oils, helps provide better equipment protection, extends oil life, and enables problem-free operation. Supported by an advanced used-oil analysis program, Mobil SHC lubricants stay on the job up to 8 times longer — and by increasing productivity, they help increase profitability.

Benefit from synthetic performance lubricants pioneered by Mobil.

For more than 40 years, Mobil has been a leader in developing synthetic-performance lubricants — offering innovations beyond the capabilities of conventional oils. When conditions are severe, such as extremely high and low temperatures, heavy loads, and high or low speeds, Mobil SHC lubricants — engineered with tailored properties — provide distinct advantages, helping to extend the service life of machine components and reducing oil changes, as well as potentially reducing or eliminating equipment failure and unscheduled shutdowns. Plus, in most operating conditions, Mobil SHC offers an extended drain interval over mineral oils for added peace of mind.

The Mobil advantage: lubricating productivity.

Severe conditions, extreme temperatures, loads and pressures, moisture, excessive oil feeds, contamination — these all affect your machinery. Mobil SHC lubricants are designed with these factors in mind, whether for your gears, compressors, or bearings.

Extended oil life — Mobil SHC lasts up to 8 times longer than mineral oils providing excellent high-temperature stability and oxidation resistance.

Extended equipment life — Mobil SHC protects your capital investment against rust, corrosion and wear. Stability in extreme temperature conditions.

Reduced energy consumption — Mobil SHC can reduce power consumption up to 8 percent compared to mineral oils in some gearbox applications.

More productivity, more profitability — Mobil SHC can potentially lower the cost of operations, increase efficiency, and put profitability on an upward path.

Backed by equipment builders worldwide

— Mobil SHC is endorsed for use in over 5,800 applications by more than 1,100 major equipment builders around the world.

Applying Mobil SHC to your industry.

From power generation to general manufacturing, forest products to cement, steel to construction, every industry can utilize and benefit from Mobil SHC — with lubricants tailored for hundreds of applications — to ensure trouble-free operation.

More than a lubricant: a business tool.

There is no question that optimum lubrication can help significantly improve productivity and reduce maintenance costs. Despite higher purchasing costs, the correct application of synthetics can make good economic sense when you consider the benefits of Mobil SHC lubricants against other lubricant choices. With your oil cost accounting for only a small percentage of your total maintenance cost, investing in Mobil SHC can help reduce your overall maintenance budget.

So rely on Mobil SHC to help your machinery produce more, better, faster, with more uptime and greater efficiency. Discover how Mobil SHC can help you cut down on your manpower costs, drive up your productivity — and help your business soar.

BALDWIN HEAVY-DUTY FILTERS

QUALITY. COVERAGE. SERVICE. AVAILABILITY.

WARNING: Laundered Shop Towels May Contain Toxic Heavy Metals.

Switch to WYPALL* Wipers: A Safe, Cost-effective Alternative to Laundered Shop Towels.

WYPALL* Wipers are tough on workplace messes, convenient to use, and safely disposable. That means every time your employee grabs a wiper, you don't have to worry about the possibility of heavy-metal exposure.

With WYPALL* Wipers you get a consistent size, shape and cleanliness with each towel. Our wipers are engineered to feel like cloth but work better.

- Absorbs oil and water faster, pound for pound, than laundered shop towels
- No holes, strings, metal chips, or metal residues like laundered shop towels
- Reusable, durable, and maintains strength in solvents

WYPALL* X90 Cloths absorb both water and oil faster than laundered shop towels

Water Capacity g/g (gms/gms)

Motor Oil Capacity g/g (gms/gms)

Average results reported. Results for laundered shop towels based on random sample from across continental U.S.

Heavy-duty engine oils for today's low-emission engines

Discover what Mobil Delvac-branded lubricants can do for your fleet. Contact your ExxonMobil distributor today or visit **MobilDelvac.com** for more information.

ExxonMobil

The Mobil Delvac™ family of heavy-duty diesel engine oils provides performance and protection that can help extend engine life.

Key benefits:

- Dependability that comes with extreme-temperature performance and outstanding protection against engine wear
- Efficiency and cost savings from improved fuel economy potential and extended oil drain interval capability

Plus, Mobil Delvac products fit a variety of applications. No matter what's in your fleet, Mobil Delvac lubricants can provide the protection you need.

Choose the best protection for your vehicle	Advanced wear protection	Enhanced oxidation stability	Extended drain capability	Emissions system protection	Low-temperature start-up	Fuel economy potential

*Results may vary based on vehicle/engine condition, driving and environmental conditions. Consult OEM or ExxonMobil before implementing extended ODIs.
¹Compared to an SAE 15W-40 engine oil. Actual savings are dependent on vehicle/engine type, outside temperature, driving conditions and your current engine oil viscosity.

Get ahead of the curve and switch to low-viscosity products

Mobil Delvac™

Performance by **ExxonMobil**

5 reasons to upgrade now

1. Increase your bottom line
Low-viscosity lubricants can help engines run more efficiently – reducing fuel consumption and saving you money.
2. Meet the latest emissions standards
Low-viscosity lubricants contribute to the EPA's greenhouse gas reduction strategy and are designed to meet the latest API heavy-duty diesel engine oil category standards.
3. Align with industry leaders
Many industry-leading companies like Schneider, Dot Transportation and Pride Transport already use low-viscosity lubricants to achieve their sustainability and financial goals.
4. Meet OEM recommendations
Major original equipment manufacturers (OEMs) – including Detroit, PACCAR, Volvo and Mack – continue to expand their use of low-viscosity oils for factory and service fills.*
5. Take advantage of ExxonMobil expertise
Technically knowledgeable and experienced ExxonMobil reps and distributors can help you and your fleet effectively transition to low-viscosity lubricants and help maximize fuel economy benefits.

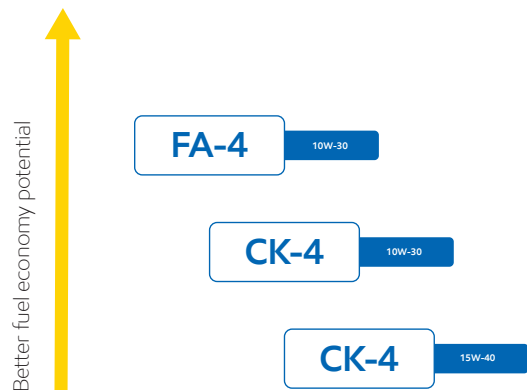

*Consult individual OEM recommendations for allowable use of API FA-4 oils.

How do the API specifications impact Mobil Delvac™ products?

Better efficiency and protection

- Mobil Delvac heavy-duty diesel engine oils deliver even more wear protection than past formulations.
- API FA-4 formulations have undergone extensive testing to help deliver enhanced fuel economy benefits.*
- API CK-4 formulations offer an increase in fuel economy potential when using lower viscosity 10W-30 oils.†

Learn more about what Mobil Delvac-branded lubricants can do for your fleet. Contact your ExxonMobil distributor today or visit **MobilDelvac.com** for more information.

*Consult individual OEM recommendations for allowable use of API FA-4 oils.
†Compared to an SAE 15W-40 engine oil. Actual savings are dependent on vehicle/engine type, outside temperature, driving conditions and your current engine oil viscosity.

Mobil Delvac™ 1300 Super

Run your business with confidence

In the new era of API CK-4, Mobil Delvac 1300 Super heavy-duty diesel engine oil delivers advanced heavy-duty protection for both gas and diesel engines.

With its cutting-edge performance and long engine life capabilities, you can rest assured that Mobil Delvac 1300 Super heavy-duty diesel engine oil will give your trucks the protection they deserve for the road ahead.

Key benefits:

- Excellent antiwear protection
- Outstanding high-temperature performance
- Outstanding oxidation stability
- Excellent soot and viscosity control
- Potential to improve fuel economy¹ (Mobil Delvac 1300 Super 10W-30)

Guaranteed protection against oil-related engine failure²

Helps keep engines running strong:

Mobil Delvac 1300 Super heavy-duty diesel engine oil provides superb oxidation stability, exceptional soot and viscosity control, and excellent oil consumption control. That translates into:

- Extended ODI capability and reduction of low-temperature sludge buildup and high-temperature deposits
- Greater engine efficiency, long engine life, and long oil life
- Lower oil costs due to less makeup oil during operation

More protection to help maximize engine life

- 50% more wear protection than required in API CK-4 engine tests
- Extended ODI potential up to 1.5x the average OEM ODI recommendation³

For more than just diesel engines

Mobil Delvac 1300 Super heavy-duty diesel engine oil is compatible with gas engines requiring API SN and diesel engines requiring CK-4.

¹ Relative to conventional 15W-40 engine oil. Actual fuel economy improvement is dependent on vehicle/equipment type, outside temperature, driving conditions, and your current fluid viscosity.

² See limited warranty for full details.

³ Average OEM ODI recommendation based on recommended Oil Drain Intervals from major U.S. engine manufacturers using API CJ-4 oils for a variety of service severity levels and engine models. Average OEM API CJ-4 ODI recommendation to substantiate multiplier claims is 31,750 miles. Results may vary based on vehicle/engine condition, driving and environmental conditions. Consult OEM or ExxonMobil before implementing extended ODIs, especially if the equipment/vehicle is under the OEM's warranty.

Tested and proven.

Our 10W-30 beat their 15W-40.

Mobil Delvac 1300 Super 10W-30 vs. Chevron Delo 400 SDE 15W-40

Based on results from Cummins ISM Crosshead Weight Loss, mg compared to API CJ-4 maximum wear level.

Putting more wear protection in every bottle.

Mobil Delvac 1300 Super vs. Shell Rotella T5

Based on average value from a series of eight API CK-4 industry wear tests.

Our advances in lubricant technology have enabled significant enhancements in wear protection. Mobil Delvac 1300 Super delivers:

- The fuel economy potential of a 10W-30
- The enhanced wear protection of a 15W-40

Why pay more for an engine oil that provides less wear protection? Mobil Delvac 1300 Super provides:

- More wear protection than our competitors' synthetic blends
- Up to 50% more wear protection than required in API CK-4 engine tests

A quick help guide

Fuel economy and fuel-efficient lubricants

Fuel is a leading operating cost for fleets, yet only 35% of fuel's energy is used to move a truck. That's because half of fuel's energy is lost as heat and another 15% is lost as friction.* Although friction cannot be completely eliminated, there are ways to reduce friction losses to help increase fuel economy.

Distribution of fuel energy

Simplify your grease lubrication program

How to find and eliminate sources of complexity

Where do you find complexity?

Complexity appears in many forms in a grease program, all of which could be impacting your costs, productivity, and

equipment efficiency. Below are some common examples of where it shows up.

Too many greases

- Risk of using the wrong grease for a particular piece of equipment increases
- Product mixing leads to unplanned compatibility experiments

Over-greasing or under-greasing

- Too much grease can damage seals and cause excess heat
- Too little grease can cause lubricant starvation
- Both stem from lack of training and clarity in a grease program

Storage and handling

- Inefficient inventory practices drive up cost on the shelf
- Labeling challenges are caused by multiple brands, and too many products lead to misuse

Multiple vendors

- Makes purchasing processes inefficient and complicated
- Conflicting product and use recommendations cause unnecessary confusion

Right-size your grease program

Eliminating complexity from each of these categories can reduce downtime and increase productivity.

Our grease experts can help

Ask your ExxonMobil representative or Authorized Distributor to perform a lubrication assessment to uncover opportunities to simplify your grease program.

OUR STANDARD PREMIUM TANK PACKAGE

(It's ANYTHING but standard!)

This tank package includes all the features you would expect with the quality you demand! Combining a 275SW (single wall) UIL 142 rated tank with a high volume, dependable Samson 3:1 lube pump and reel mean the highest level of performance. The unit also features a high-flow digital hand meter, digital tank monitor with remote volume info via a smart phone, a 1/2" high pressure hose, manual gauge, and a 1.5" heavy-duty fill cap, plus long-lasting, high-quality powder coat paint to keep the shop looking neat and a 3" EV (Emergency Valve). At 60" long, 27" wide and 44" tall, this tank can be installed in even the tightest spots. It can also be "chained" to double, triple or even quadruple capacity while maintaining all the advanced features and safety of a single tank.

Package can also include:
GPS digital monitor with a
4 year battery life at no cost

High Flow Digital Hand Meter dispenses up to 8 gallons per minute

High Volume Lube Pump

1/2" 50" Hose and Reel

275 Gallon Single Wall Tank, UIL 142 Rated

Pump Oiler
Regulator
Water Separator

Mobil Diesel Efficient™

TEI is a licensed reseller of Mobil Diesel Efficient™, the first and only differentiated, additized diesel fuel with a quantified on-road fuel economy claim. The advanced patented technology in Mobil Diesel Efficient™ fuel enables superior performance versus diesel without detergent additive. Mobil Diesel Efficient™ helps improve performance of the engine and fuel system in both on-highway and off-highway applications.

Today's diesel engines have sophisticated fuel systems engineered to meet stringent emissions requirements. Injector deposits can restrict fuel flow, deteriorate fuel spray quality, and result in loss of engine power, increased emissions, and reduced fuel economy. Mobil Diesel Efficient™ fuel helps to prevent deposit formation and clean up existing deposits that may be damaging your engine performance.

TEXAS ENTERPRISES, INC.

OUR EMPLOYEES. OUR CUSTOMERS. OUR PARTNERS. TO US, YOU'RE FAMILY.

Your success drives everything we do. You're the reason we go the extra mile (and a whole lot further) each and every day. Providing the most comprehensive catalog of automotive maintenance products. Partnering with the top brands and suppliers in the industry.

Delivering exceptional customer service, day or night, rain or shine. Creating enduring relationships that ensure quality and consistency.

Because, when it's all said and done, that's what you do for people you care about. Those who matter to you most. You deliver for them.

We Care. You Matter. **We Deliver!**
